# LEONARDO™
DESIGN STUDIO

MADE FOR ROMEO™ AND JULIET™

A powerful cutter is nothing without powerful software. That's why Leonardo™ Design Studio is the perfect companion for both *Romeo* and *Juliet*. Designed with the professional creator in mind, *Leonardo* Design Studio works seamlessly with your Siser® cutter so you can turn your ideas into reality. Send cut files, adjust cut settings, and tackle print & cut projects without ever leaving the software. Compatible with both Windows® and Mac® computers via USB or WiFi, you'll be able to elevate your creating experience no matter your workspace.

MORE THAN JUST CUTTING SOFTWARE

Leonardo Design Studio is more than just a courier for your cut files. Inside the software is a trove of continuously updating resources for beginners and experts alike. Get motivated in the Inspiration Projects section with step-by-step instructions for hundreds of handmade crafts. Find the perfect design for a special occasion by browsing thousands of royalty-free cut files in the Design Library. Create new masterpieces from scratch by utilizing the dozens of powerful tools at your disposal in the Design Page. *Leonardo* Design Studio combines all of this (and more) into a single artistic hub. Perhaps the best part is that the software is always evolving with new features and improvements to keep your creating experience fresh!

Oh, and did we mention that *Leonardo* Design Studio is FREE with every *Romeo* and *Juliet* purchase?
