

EasyPSV® Printable

EasyPSV® Printable is Siser's version of a printable adhesive vinyl. Like all EasyPSV® products, this material is for use on hard surfaces without the need for heat! EasyPSV® is gloss finish. EasyPSV® is a permanent tack adhesive and compatible with solvent, eco solvent, and latex printers. Much like its heat transfer vinyl cousin it is not recommended for use with an ink jet, laser, or sublimation printer.

Application Instructions:

1. Print and cut based on recommended material settings
2. weed away excess material from design
3. Mask your design using the EasyPSV® application tape
4. Remove design from backing paper
5. Apply design using a squeegee

EasyPSV® Applies to:

Glass/Mirror

Wood

Plastic

Metal

Ceramic

Mimaki

HP LATEX

Roland
